VIP Premier's Detail

Chief noted that there remains some issues surrounding VIP Premier's Detail. He is committed to both working within the Collective Agreement and to providing the best possible service from the RNC. He is confident with the service that is currently being provided and foresees this to continue as such. The Chief's Office is in the process of developing a policy regarding the VIP Premier's Detail. Tim raised concerns regarding adequate training for this detail and the Chief reassured that they are expecting to implement training for the RNC members within 12-18 months.
