Sirs,

I will be sending you three emails shortly from RCMP Doug Noel who is Smyth's partner. Apparently this issue with threats from Mr. Dunphy started on Friday on Twitter sent to MHA Sandy Collins. See for details and the threat.

Scott Haye and Ed Benoit will be going into HQ tonight to research ican and the threats file for Mr. Dunphy. I expect an update by 900pm which I will forward.

Ed is assigned to PPS until further notice. I have notified Krista Day on CEO. We will be keeping two members with the Premier until we see how this pans out. Ed has contacted both Doug Noel and the Premier.

Doug Noel will be picking the Premier up at his home at 900am and conveying him to Confed Bldg. Ed will then join them. They have the other Suburban.

Premier's wife [REDACTED] is upset as well as family as Premier intimated to you Chief , and also to Ed and Doug. As a result have assigned Jason Power and Laurie Crowe in a CID vehicle to provide overnight security. Premier has asked Ed for security to continue tomorrow for his wife even when he is not home. I will have Gullage deal with tomorrow as I will be testifying at [REDACTED] matter. Power/Crowe have been told to stay at residence tomorrow until relieved.

The Premier is now going to his brothers place at [REDACTED] [REDACTED] for Easter dinner and he feels safe there. Ed has notified Comm Center Nco in case Premier calls RNC. He will call Ed if he needs anything.

Supt Jamie Zettler also received the emails, to follow, from Cst Noel and will forward to the case manager of the shooting.

Jason
