Much as I suspected and very much like ours just didn't want to assume and then miss something I'm supposed to address.

Members are given direction in relation to a subject presenting a weapon. If time allows for the officer to provide this option to the subject. As you know sometimes things unfold so quickly that times doesn't afford that to the officer. This direction is not set out in an official presentation.

We impress upon members to give this direction when time, and circumstance allow it.

In relation to query 2 members are not given a formal presentation on taking control of firearms post shooting.

Cst. Ken Walsh with NWEST over the past 2 years has addressed the Cadet class on characteristics of armed persons, weapons identification, and the clearing of various weapons.

Appreciated, but I wasn't concerned, I had two other questions regarding training:

1. Are members trained/given direction as to specific verbal commands that would be applicable, ie; "POLICE DROP YOUR WEAPON" and if so is it part of an official training presentation.
 2. Are members trained/given direction as to taking control and clearing on suspect weapons post shooting and if so is it part of an official training presentation.

No problem.

If you additional questions I will try to be a little more prompt in my reply.

Sorry for the delay, Monday was a holiday here.

Attached are the training logs you requested.

I believe I may have told you Joe attended the range on 2015-04-03, that was incorrect as the log will indicate he was on the range on 2015-04-09.

Joe was issued a Sig Sauer P226 .40 Cal, Semi- Automatic handgun Serial # U741147.
